徜徉仙草花仙境

The Mesona Flower Wonderland

| 文 編輯部 |

仙草的主要花期在 10～12 月，不過因多作為經濟作物種植，在開花前就會採收，以往民眾想要看到仙草花大片綻放可不容易。近年桃園地區推動特色休閒農業旅遊，每個休閒農業區主打一種花卉，楊梅休閒農業區的代表花卉即是仙草花，也因此將罕見的紫色花海帶到民眾眼前。

由於仙草花外觀和薰衣草相似，讓前來休閒農業區賞花的民眾直呼，原來不必出國，臺灣也有普羅斯旺般的美景；區內更以純白色裝置藝術點綴，彷彿童話世界入口，在浪漫中增添了一絲奇幻氣息，開啟無限的想像空間，邀請全國民眾把握時間前往欣賞。

「楊梅休閒農業區的仙草品種『桃園 2 號』，是歷經 25 年才育成的。」

「桃園 2 號又名『香華』，味如其名，香氣特別濃郁喔！」

The mesona flower season starts from October to December. However, the plant, being an economic crop, is usually harvested before its flower season. It has not been easy to see the purple mesona flower in full bloom until Taoyuan started to develop agritourism in recent years by growing one kind of flower in each agricultural area and named mesona as Yangmei's signature flower.

The mesona flower looks like a lavender. Therefore, visitors to the mesona flower fields at a Yangmei farm often exclaim admiringly at its resemblance to Provence in France. The farm is decorated with white art works, making it look like a fairy wonderland.

“It took 25 years to successfully breed the new mesona flower variety, Taoyuan No. 2, at Yangmei.”

“Taoyuan No. 2 is also called a ‘fragrance flower’. It emits a rich flavor.”
